

Project Documentation – YouTube AI Content Package

Title: *Shocking AI Tools Replacing Full-Time Jobs!*

Name: Aman Singh Yadav

University: APJ Abdul Kalam Technical University

1. Project Overview

Objective:

To create a complete YouTube content package on the topic “*Shocking AI Tools Replacing Full-Time Jobs!*” using AI tools and automation.

Deliverables:

- Catchy, SEO-friendly video titles
- Full YouTube script (1000–1200 words)
- Thumbnail concepts with AI prompts

- Final thumbnail design concept
 - (Optional) Voiceover + background music suggestions
-

2. Skills Gained

- **Prompt chaining & formatting**
 - **Long-form AI content generation**
 - **Thumbnail prompt writing (Midjourney / DALL-E)**
 - **Storyboarding and video creation with AI**
 - **Content packaging for marketing or YouTube growth**
-

3. Tools & Platforms

Tool	Purpose	Link
ChatGPT	Prompt writing & script generation	chat.openai.com
Pictory	Turn text scripts into videos automatically	pictory.ai

InVideo	AI-powered video editor from script	invideo.io
Canva	Thumbnail design & video slides	canva.com
DALL-E 3	Generate thumbnail images (via Bing)	bing.com/images/create
Midjourney	Advanced AI image generation	midjourney.com
Notion	Documentation and planning	notion.so

4. Prompt Chain

Title Generation Prompt

You are a YouTube SEO expert. Generate 10 catchy, high-CTR titles for a YouTube video with the topic: "Shocking AI Tools Replacing Full-Time Jobs!".

- Titles under 60 characters
- Include power words like "shocking, insane, real, future, secret"
- Mix curiosity + clarity
- Optimize for YouTube SEO
- Target audience: tech enthusiasts, freelancers, startup founders, job seekers

Script Generation Prompt

You are a professional YouTube scriptwriter. Write a full 1000-1200 word script for a YouTube video titled "Shocking AI Tools Replacing Full-Time Jobs!".

Structure:

1. Hook (0:00–0:20) → Intrigue the viewer with a shocking fact or question.
2. Intro (0:20–0:45) → Introduce the topic, promise value, and ask for a like/subscribe.
3. Main Content (0:45–7:00) → Present 5 AI tools. For each tool:
 - Name & brief description
 - What job it can replace
 - Real-world examples/use cases
 - Pros & cons
 - Future potential
4. Closing & CTA (7:00–8:00) → Summarize, share your opinion, encourage engagement.

Tone:

- Conversational and engaging
- Simple English (avoid jargon)
- Use storytelling and “what if” scenarios
- Keep pacing high with cliffhangers between tools

Thumbnail Prompt (Final)

Dramatic YouTube thumbnail showing a human silhouette dissolving into glowing pixels on the left, symbolizing job loss. On the right, a humanoid robot in a business suit confidently typing at a futuristic glowing computer desk. Neon-lit office background with cinematic blue and purple lighting, glowing screens, high-tech decor. Add a glowing red ⚠ warning icon in the bottom-left corner. High contrast, sharp focus, cinematic composition, designed for YouTube clickbait impact.

5. Final Deliverables

Chosen Title

Shocking AI Tools Replacing Full-Time Jobs!

Final Script

(Include your full script here — Hook, Intro, Tool 1–5, Closing CTA)

Thumbnail Concept

- **Text:** *Your Job = Replaced*
 - **Visual:** Human silhouette dissolving into pixels + Robot at computer desk
 - **Special Element:** Red ⚠ warning sign for urgency
 - **AI Prompt:** *(see Thumbnail Prompt section above)*
-

6. Resources & Workflow

1. Generate **titles + script** → ChatGPT
2. Generate **thumbnail image** → Midjourney / DALL·E
3. Add **text overlay & layout** → Canva
4. Create **video** → InVideo / Pictory

5. Document process → Notion / Google Docs

7. Next Steps

- Create **2–3 thumbnail variations** for A/B testing
- Produce video using **Pictory/InVideo** with script + AI voiceover
- Upload video to YouTube with **SEO-optimized description, tags, and title**
- Track analytics → Optimize for engagement
